DIARY NOTES

DD/S 

11 July 1962

1. Messrs. [REDACTED] were in to chat for a few minutes. Hugh is home on emergency leave due to the serious illness of his sister; however, he will attend the CAT Board Meeting in New York on Tuesday, 17 July. I have arranged for them to talk to Major General Sutherland sometime Monday, 16 July, but I gathered that they were not too enthusiastic for the usual reasons.

2. I approved of Jim Garrison taking leave for about two weeks beginning sometime late in August.

[REDACTED]

3. General Carter asked me to initiate a recommendation for the Distinguished Intelligence Medal, and I have asked [REDACTED] to do this. General Carter requested a listing of all persons who have received the National Security Medal. (This requirement has been levied on Emmett Echols.)

5. General Carter came down to ask me to handle certain arrangements involving [REDACTED] on a very confidential basis. It has been agreed that Frank will come on duty immediately as an Assistant to the Director until 30 August, at which time he will resign and become a consultant effective 1 September. The Director wants him to have an office and a secretary on the seventh floor. (This has been arranged.)
